Registration

Abstract Submission

<http://www.SWP450.org>

email: swp450@swcp.com

Registration and Abstract Submission will Open: **March. 10, 2009**

Registration and Abstract Submission Deadline is: **May 4, 2009**

Registration: (Opens on website ~March 23, 2009)

	<u>Single Occupancy</u>	<u>Double Occupancy</u>
<u>Includes registration, accommodations, and all meals and social events:</u>	<u>\$350.00</u>	<u>\$275.00</u>

'The Best little P450 Meeting in the Southwest'

Symposium Synopsis: The purpose of this now 8th Annual, three-day Symposium is again to provide a forum for the exchange of information among scientists who study cytochromes P450 within a variety of disciplines utilizing a broad array of approaches. The Symposium is intended as an informal and affordable session to share information, goals, and problems, as well as to seek solutions and collaborations. **Attendance at the meeting is limited to only 50 participants due to room availability at the conference site.** Graduate student and postdoctoral participation is strongly encouraged, and registration costs are accordingly held to a minimum. The program will consist of a keynote address by **Dr. Thomas A. Baillie; University of Washington; "Cytochromes P450 in Drug Discovery and Development – Friend or Foe?"** as well as multiple sessions of 30-minute invited research presentations encompassing the general areas of the structure, function and regulation of mammalian, bacterial, yeast, marine, mitochondrial, insect, and plant P450 research, as well as extended evening poster sessions to facilitate information exchange and interactions among all participants. The meeting also features extensive breaks and social events, informal discussions, and networking opportunities.

WELCOME TO THE SOUTHWEST P450 MEETING WEBSITE!!

Our meeting which began as a southwest regional meeting has now expanded to include P450 scientists from across the entire country. This meeting is meant to be informative, in a relaxed setting, with extensive opportunities for participation from students and post-doctoral fellows. The meeting focuses on all aspects of P450 enzymes, their redox partners, their function, expression and regulation in all biological systems.

8th SW P450 Meeting

May 11 - 13th, 2009

Camp Allen Conference & Retreat Center

<http://www.campallen.org/>

The program for the 8th Southwest P450 meeting will consist of a Keynote address, twelve 30 minute platform presentations, four 15-minute student presentations, an evening poster session, and several social events. **ALL PARTICIPANTS ARE REQUESTED TO BRING AT LEAST ONE POSTER TO THE MEETING.** This may be a poster previously presented at another recent meeting, but we would like to engage all meeting participants in the poster session and to generate discussions and new collaborations, an important aspect of this informal meeting. There will be awards for the best student platform and poster presentations. Attendees are welcome to bring multiple posters in order to represent various projects in their labs.

8th Southwest P450 Meeting Registration Information and Forms (Meeting registration includes room and meals). Due to space limitations, registration is limited to the first 50 registrants, and rooms will be assigned on a "FIRST COME FIRST SERVE BASIS!" Registration Deadline, May 4, 2009. [CLICK HERE TO REGISTER](#)

Travel to 8th Southwest P450 Meeting: Camp Allen is located northwest of Houston, approximately a 1.25 hour drive from Houston International Airport. See the Camp Allen website for driving instructions. Camp Allen offers a limited shuttle service from Houston International Airport by advance reservation only. <http://www.campallen.org/>, <http://www.campallen.org/html/map.aspx>.

Abstract Submission (Platform Presentations *and* Posters): Abstracts for both posters and platform presentations must be single spaced in 12 point Arial (or a similar sans serif font). The abstract should begin with a title and then list the authors and their affiliations. Abstracts should be formatted to fit on a single standard 8.5x11 in page with 1 inch margins on all sides. Abstracts may include figures, however they must be in black and white, we will be unable to reproduce color figures. Authors should submit the title of their poster/platform presentation with their registration form, and email their abstract to both: swp450@swcp.com **and** craig.marcus@oregonstate.edu as soon as possible but no later than May 1, 2008. If you do not receive a confirmation email within 4 days of submission, please contact the meeting organizers. Please use "SWP450 ABSTRACT SUBMISSION" as the subject line when you email your abstracts. Abstracts should be submitted as email attachments (not in the body of the email) as both a WORD document and as a PDF file. We

plan to reproduce the PDFs **exactly** in the Program to be distributed to attendees when they arrive at the meeting. Students wishing to make a 15 minute oral presentation should *request this option in the body of the email.* The student oral presentations may recapitulate a poster.

Speaker information: All presentations should be made using Powerpoint. A slide projector will not be available. The meeting organizers will have available an LCD computer projector, and Windows/PC laptop running Powerpoint available in the meeting room. Presenters should bring their presentations on a USB memory device, or on their own laptop computer which can be connected to the projector.

Poster Guidelines: Posters may be any size typically presented at meetings, up to 4" x 6". Poster boards will not be available at the meeting site – posters must be pinned to the walls using standard poster display pins or taped to the walls. Meeting participants should bring their own pins and tape, although some will be available in the meeting room. Since poster boards are not available, it is highly recommended that poster presentations should consist of single large posters, not multiple panels of information.

REGISTRATION INFORMATION:

Registration for the meeting includes registration for all scientific sessions, accommodations and all meals and social events. This includes: dinner Monday evening, the Monday evening Mixer, Breakfast, Lunch and Dinner Tuesday, the Tuesday Mixer, and Breakfast and Lunch on Wednesday. Accommodations are for Monday and Tuesday nights, either single occupancy (1 bed) or double occupancy (2 beds). **More information is available at: <http://www.campallen.org/>**

Payments may be made via PAYPAL, or via check or money order.

	<u>Single Occupancy</u>	<u>Double Occupancy</u>
<u>Registration: Includes meeting registration, accommodations, and all meals and social events:</u>	<u>\$350.00</u>	<u>\$275.00</u>

Rooms will be assigned on a “first come, first served basis”. If you indicate Double Occupancy but do not have a roommate selected, we will do our best to try to match you up with another appropriate meeting attendee who also seeks a roommate.

REGISTRATION PROCEDURE:

- 1. Download the interactive PDF registration form from the SW P450 website.**
- 2. Complete all fields in the interactive PDF registration form.**
- 3. Print a copy of the PDF for your records/and or save on your computer.**
- 4. EMAIL your completed registration form to both of the following email addresses: swp450@swcp.com and craig.marcus@oregonstate.edu, using **“SWP450 REGISTRATION”** as the subject line. You should receive a confirmation within several days indicating receipt and acceptance of your registration and **ROOM ASSIGNMENT**; if not, please contact the organizers at the email addresses above or by phoning **541-737-1808**. (IF we cannot accommodate your selection of room choice, we will contact you with alternatives).**
- 5. PAY YOUR REGISTRATION FEES:**
 - Submit your credit card payment by Paypal (use the link on the SWP450 website). If you encounter problems with Paypal, please contact the organizers.**
 - OR: mail your check or money order (Payable To: “Society For The Study Of Cytochromes P450”) To:**
